

Subject: Survey Concerning Loss of a Loved One

Dear Friend,

Have you experienced the death of someone close to you? If this loss was longer than one month ago, I would like to invite you to participate in a research study being conducted as a part of my doctoral program at MGH Institute of Health Professions, Boston MA. The study focuses on the experiences of loved ones, especially when making end-of-life decisions. This anonymous research survey will take about 10 minutes to complete. Notice the SUBMIT button on the bottom of each page. Please be sure to go to the last page to complete the survey.

I hope the results will improve the understanding of people, like you, who have lost a loved one.

Thank you for sharing your experiences.

Please forward this message to others who may have experienced the loss of a loved one.

Please click here (or copy and paste the link into your browser) to begin the survey. <http://www.zoomerang.com/Survey/WEB22ANA8DEDAB>
